MOMENTS**

# THANK YOU

”

**Thank you  
for taking  
the time to  
check out  
my website**

Thank you for taking the time out to check out my website and for downloading the pitch deck to allow me to explain who I am and what I do.

I hope that within this document you'll have the information needed to hire me for your matches or sporting events.

# WHY ME?

Over the last few months, my experience and exposure has skyrocketed through the roof, with clubs and individuals contacting me to work with them in capturing their matches.

I've worked with Weston-Super-Mare Cricket Club, Weston-Super-Mare RFC, Sporting Weston FC and Banwell FC to produce content that they can use however they wish.

# PORTFOLIO

The best way for me to show you what I'm capable of, is to show you my work!

Please find a selection below of the recent games I have photographed for various clubs around the area.

# MY SERVICES

I offer three different services depending on the need.

**Match shoots**, for on the day match coverage.

**Sports portraits** are a new service I'm offering with individual players getting a chance in the spotlight.

**Presentation** nights tend to have low quality images of players collecting awards. I offer my services to capture the celebration so you don't have to.

---
